Where Might You Find Important Archaeology in the DFW Area??

North Texas Association of
Environmental Professionals
May 20, 2026

Why Do It? Legislation

- 404 or other permits from the Corps of Engineers
- Texas Antiquities Code applies to state, county, local agencies
- Chapter 711 of the Texas Health & Safety Code cemetery/grave/skeleton protection
- Due Diligence evaluations to assess potential

LOG HOUSE

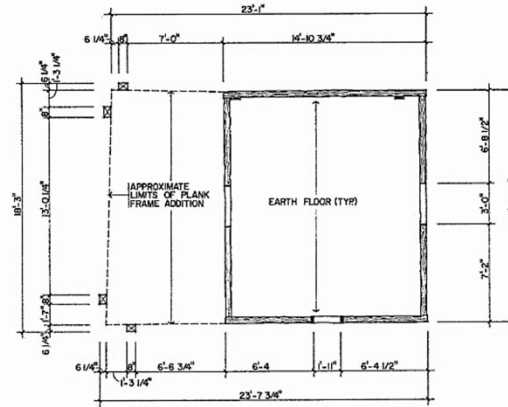

IN THE FIRST DECADES OF THE TWENTIETH CENTURY, THIS FARMSTEAD WAS PART OF THE BLACK SHARECROPPING COMMUNITY CALLED "CROSSGROVE'S BOTTOM" AFTER A. P. CROSSGROVE, LAND OWNER AND PROMINENT PILOT POINT BUSINESSMAN. BETWEEN ABOUT 1920 AND 1930, THE HAL MITCHELL FAMILY RESIDED IN THIS HOUSE. MITCHELL'S FARM WAS SIMILAR TO OTHERS IN THE AREA, WITH A CASH CROP OF COTTON, SUPPLEMENTED BY CORN, GARDEN CROPS AND LIVESTOCK THAT WERE GROWN FOR FAMILY USE.

THE LOG ROOM OF THIS BUILDING WAS BUILT CA. 1860-1875, PROBABLY BY SOME OF THE EARLIEST SETTLERS IN THIS AREA. THE ONE-ROOM PLANK FRAME ADDITION WAS BUILT CA. 1925-1940. THE ADDITION WAS RECENTLY DEMOLISHED.

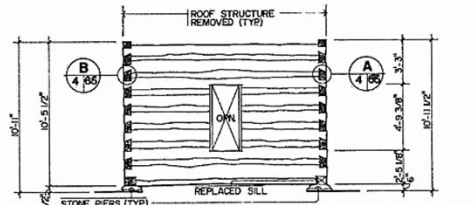

THE FOUNDATION OF THE LOG ROOM IS DRY-LAID SANDSTONE. THE SILLS ARE OF HENN OAK, AS ARE THE PLANK-SHAPED WALL LOGS. THE LOGS ARE CHINKED WITH SCRAPS OF LUMBER AND MORTAR, AND THE INTERIOR WAS WHITEMASHED AT ONE TIME. THE DEMOLISHED ADDITION WAS PLANK-FRAMED BOARD AND BATTEN. THE BUILDING WAS LAST ROOFED IN CORRUGATED TIN.

Joseph Redwine House

Joseph and Fannie "Puss" (Wilcoxson) Redwine, Zack Redwine's grand parents, built this house, probably in the early 1860's. It still stands on the east side of Hwy 78, about 2 miles north of town.

Joseph taught school at the Rose Hill School which was across the highway on the north side of CR 613. After Joseph's death Fannie married A. B. Robertson in 1883.
